States and the Republic of Panama signed at Washington on March 2, 1936, there are now in force and operation two certain contracts of September 30, 1910 (Contracts PC1p-360 and PC1p-361), between the Government of the Republic of Panama and the Isthmian Canal Commission, and subsequent agreements, covering the operation and maintenance by the United States of the water and sewerage systems installed by the United States in the cities of Panama and Colon, the maintenance and repair by the United States of the pavements constructed by the United States in the cities of Panama and Colon and other related matters;

WHEREAS section 1 of the joint resolution of Congress approved May 3, 1943, 57 Stat. 74, provides:

"That the President of the United States be, and is hereby, authorized to transfer to the Republic of Panama all of the right, title, and interest of the United States in and to water and sewerage systems installed by the United States in the cities of Panama and Colon: *Provided, however,* That pending the establishment of an independent water-supply system, and so long as the Republic of Panama desires to utilize a supply of water from the Canal Zone, it shall pay quarterly to the appropriate Canal Zone authorities the rate of B/0.09 per one thousand gallons or such other reasonable rate as may be agreed upon by both Governments: *And provided further,* That the turning over to the Government of the Republic of Panama of the physical properties of the water and sewerage systems and the administration thereof, including the collection of the water rates, does not in any way modify the existing arrangement in respect to responsibility for the public health services of the cities of Panama and Colon as specified in the second paragraph of article VII of the Convention between the United States of America and Panama, signed at Washington, November 18, 1903."

WHEREAS it is necessary that the maintenance and operation of the said

water and sewerage systems and the performance of other functions which the United States has been performing under the contracts and agreements hereinbefore mentioned continue without interruption; and

WHEREAS the Republic of Panama, for its convenience and in the interests of a smooth and efficient transition from operation by the United States to operation by the Republic of Panama, may desire that the United States perform some or all of the work of such maintenance and operation and other functions until such time as the Republic of Panama may deem it expedient to assume the full performance thereof:

NOW, THEREFORE, by virtue of the authority vested in me by the statutory provisions above set out, and as President of the United States, I hereby authorize and direct the Governor of The Panama Canal (a) to transfer to the Republic of Panama all of the right, title, and interest of the United States in and to the water and sewerage systems installed by the United States in the cities of Panama and Colon as authorized by section 1 of the said joint resolution approved May 3, 1943, and in accordance with the terms of the said agreement concluded between the two Governments on May 18, 1942, and upon such further terms respecting incidental and related matters as may be agreed upon between the authorized representatives of the Government of the Republic of Panama and the Governor of The Panama Canal; (b) after the transfer to operate and maintain the said water and sewerage systems or parts thereof, and to perform any or all of the other functions which The Panama Canal now performs under the contracts and agreements hereinbefore referred to, for the account of the Republic of Panama, during such period or periods of time and upon such terms and conditions as the authorized representatives of the Republic of Panama and the Governor of The Panama Canal shall determine to be mutually desirable and convenient; and (c) after the transfer to operate and maintain those parts of the said water and sewerage systems which are situated in the areas of the city of Colon known as New Cristóbal, Colon Beach, and the DeLesseps Area, at the expense of the United States as heretofore, for such period or periods of time as the United States shall continue to utilize the said areas of the city of Colon and as the Republic of Panama shall continue to accord to the United States without charge the use of the said parts of the systems, and upon such incidental terms and conditions as may be arranged between the authorized representatives of the Republic of Panama and the Governor of The Panama Canal.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter III—Claims and Accounts

PART 303—GRATUITY UPON DEATH

MISCELLANEOUS AMENDMENTS

The following amendments to the regulations contained in Part 303 are hereby prescribed.

Sections 303.1 to 303.3, 303.5 to 303.8, inclusive, are rescinded and the following §§ 303.1 to 303.3, 303.5 to 303.7, inclusive are substituted in lieu thereof. These regulations are also contained in Army Regulations 35-1540 and 35-1545 19 April 1945. Section 303.4 pertaining to classes of beneficiaries is retained as previously published (9 F.R. 4460).

§ 303.1 *Computation of amount of death gratuity.* The amount of the death gratuity due the beneficiary of an officer or enlisted person includes the compensation of every kind and character received by such officer or enlisted person at the date of his death and is distinguished from allowances.

§ 303.2 *Six months' death gratuity exempt from indebtedness.* The amount of the six months' pay cannot be used for the debts of the officer or enlisted man, not even for overpayments.

§ 303.3 *Payment—(a) Beneficiaries.* (1) Payments of the six months' gratuity pay may be made to beneficiaries in the order indicated below:

(i) If there be a widow (widower), payment will be made to such person only.

(ii) If there be no widow (widower), payment will be made to the child or children, if there are any entitled to payment.

(iii) If there be no widow (widower) or child, payment will be made to the dependent relative previously designated by the deceased as his beneficiary to whom the gratuity is to be paid. The classes of relatives who may properly be designated as beneficiaries are stated in § 303.4.

(2) Payment of six months' gratuity pay may not be made to:

(i) Any married child or unmarried child over twenty-one years of age of a deceased officer or enlisted man who is not actually a dependent of such deceased officer or enlisted man. Payment may not be made to any married child, notwithstanding the allegation of dependency on the deceased officer or enlisted man.

(ii) A person who takes the life of another, whether or not the act be punished by the State or other civil authority concerned.

(3) If the deceased person had designated two beneficiaries to receive the six months' death gratuity payment and the claim of the first designated beneficiary has been disapproved because the evidence submitted did not clearly establish dependency upon him for support, or otherwise an insurable interest in him, the claim of the second designated beneficiary may not be considered unless the first beneficiary—who may desire to sub-

mit additional evidence tending to show dependency—has relinquished the right to claim the gratuity payment.

(4) If there be no widow (widower), child, or previously designated beneficiary, the Director, Office of Special Settlement Accounts, 27 Pine Street, New York 5, New York, will determine dependency in accordance with approved policies and regulations.

(b) *Evidence.* (1) The evidence required to establish the right, under the law, of any person to receive payment of the six months' gratuity is set forth for the different classes of beneficiaries in figure 1.

(2) No affirmative showing of dependency is required in making payments of six months' death gratuity pay authorized by the act of 17 December 1919, as amended, to fathers, mothers, brothers, or sisters, designated as beneficiaries of deceased Army personnel, who had an insurable interest in the life of the deceased by reason of relationship alone, but as to more distant relatives evidence of insurable interest is required.

¹ A waiver by the lawful widow (widower) of a deceased person of her (his) statutory right to the six months' death gratuity pay authorized by the act of 17 December 1919, as amended, is without force or effect, and does not operate to entitle the mother of the deceased, his designated beneficiary, to payment of the gratuity.

² The fact, if it be a fact, that the widow (widower) or child (children), as the case may be, was designated as beneficiary, will in itself be regarded ordinarily as sufficient to establish the identity of the payee.

³ Where a payment is to be made to a widow (widower) not previously designated as beneficiary, affidavits from two disinterested persons, not related by blood, attesting to the following facts will be obtained and filed with the voucher: The length of time they have known the widow (widower), that they have known her (him) to be the lawful wife (husband) of the deceased person at the time of his (her) death and that to the best of their knowledge and belief no divorce has been granted.

⁴ Where payment is to be made to a child (children) not previously designated, affidavits from two disinterested persons, not related by blood, attesting to the following facts will be obtained and filed with the voucher: That they knew the deceased person, knew the mother (father) and know that the child (children) is (are) the legitimate child (children) of the deceased person, and know that the deceased person was not survived by a lawful widow (widower) at the time of his (her) death and that the child (children) is (are) the only living child (children) of the deceased person.

(c) *By whom payment made—(1) Beneficiaries residing within the continental limits of United States, exclusive of Alaska.* Payments of the six months' gratuity pay to beneficiaries residing within the continental limits of the United States exclusive of Alaska, will be made by the disbursing officer at Office of Special Settlement Accounts, 27 Pine Street, New York 5, New York.

§ 303.5 *Will not a designation.* A will is not a designation within the meaning of the act providing the six months' gratuity pay, as that gratuity is not a debt or money due the officer or enlisted

person and cannot become a part of his estate.

§ 303.6 *Settlement of accounts.* All claims for settlement of arrears of pay of deceased Army personnel will be processed through the Office of Special Settlement Accounts to the Claims Division of the General Accounting Office, Washington 25, D. C., the latter office having jurisdiction in the settlement of such accounts under the provisions of the act of 10 June 1921 (42 Stat. 24) and AR 35-730.¹

¹ Decisions of the Comptroller General and Settlement of Claims by or against the United States.

§ 303.7 *Letters testamentary.* When claim is filed by an executor or administrator of the estate, letters testamentary will accompany the claim for settlement of arrears of pay due deceased personnel. (41 Stat. 367, 42 Stat. 1385, 55 Stat. 796; 10 U.S.C. 546, 903)

c. Graphic instruments. (Panel and portable types.) Electrical instruments which record the present value of an electrical quantity with respect to time by means of a moving chart. This includes only electrical graphic instruments designed and used primarily for the measurement of electrical quantities. This does not include temperature or pressure recording and controlling graphic instruments.					
d. Electrical test instruments. An electrical instrument of the general types listed below which is normally connected to the circuit under test for a temporary reading. The model number designations below apply to the instruments which are given that identification by the manufacturer, and the provisions of this order apply to those instruments regardless of any different identification given them on purchase orders or otherwise. PART 3294—IRON AND STEEL PRODUCTION [Supplementary Order M-21-j as Amended May 18, 1945]

TOOL STEEL

§ 3294.114 *Supplementary Order M-
21-j*—(a) *Definitions*. For the purpose
of this order: (1) "Tool steel" means any
steel to be used for the manufacture of
tools for use in mechanical fixtures for
cutting, shaping, forming, and blanking
of material, either hot or cold, or for pre-
cision gauges. It is not deemed to in-
clude steel for use as shanks in the

manufacture of tipped or welded tools or
for hand tools such as chisels, pliers,
screw drivers, wrenches, centering
punches and nailsets, or for counter-
weight parts for aircraft engines.

(2) "Alloy steel" means any steel (in-
cluding stainless steel) containing any
one or more of the following elements
in the following amounts:

Manganese, maximum of range in excess of
1.65%.

Silicon, maximum of range in excess of
0.60%.

Copper, maximum of range in excess of
0.60%.

Aluminum, chromium, cobalt, columbium,
molybdenum, nickel, titanium, tungsten,
vanadium, zirconium, or any other alloy-
ing elements in any amount specified or
known to have been added to obtain a
desired alloying effect.

(3) "High-speed steel" means tool
steel of either of the following classes:

(i) "Class A high speed steel" means
alloy steel containing not less than .60%
carbon, 6.75% or less tungsten, and more
than 3% molybdenum.

(ii) "Class B high speed steel" means
alloy steel containing not less than .55%
carbon and more than 12.0% tungsten.

Other alloying elements may be pres-
ent in the high speed steels of either
class, but steel not containing the ele-
ments named, in the amount specified,
shall not be deemed high speed steel.

(4) "Producer" means any person who
melts tool steel.

(b) *Purchasers' statements*. Every
order placed with a producer, for high
speed steel to be used in the manufacture
of tools for use in mechanical fixtures for
cutting, shaping, forming or blanking of
material, either hot or cold, or for preci-
sion gauges, shall bear the statement,
"This is an order for 'high speed tool
steel'", over the signature (either man-
ually or as provided in Priorities Regu-
lation No. 7) of a duly authorized official
of the purchaser, which shall constitute
a representation to the producer and to
the War Production Board that the steel
ordered will be used only for one or more
of the above purposes. The foregoing
statement shall be considered a sufficient
disclosure of end use when such infor-
mation is required by other War Produc-
tion Board orders. Any order placed
with a producer under the exceptions set
forth in paragraph (g), must bear an
additional statement to the effect that
the order comes within the exceptions
of paragraph (g), which shall constitute
a representation to the producer and to
the War Production Board that one of
the exceptions applies.

(c) *Restrictions of deliveries under
toll agreements*. No person shall make
or accept delivery under any toll agree-
ment whereby one person melts tool steel
for another person.

(d) *Melting and deliveries of high
speed steel*. (1) No producer shall melt
high speed steel except within limits
specified below for the following ele-
ments:

(i) Class A high speed steel means
alloy steel containing not less than .60%
carbon, 6.75% or less tungsten, and more
than 3% molybdenum.

(ii) Class B high speed steel means
alloy steel containing not less than .55%
carbon and more than 12.0% tungsten.

(2) No producer shall melt in any cal-
endar quarter, Class B high speed steel
which will exceed, in the aggregate, by
weight, 15% of the total high speed steel
melted by him in such quarter.

(3) No person shall place an order
with a producer or any other person for
Class B high speed steel if Class A high
speed steel would reasonably fulfill his
requirements.

(4) No person shall place with a pro-
ducer and no producer shall accept in
any calendar quarter orders for Class B
high speed steel which will exceed, in the
aggregate, by weight, 15% of the total
high speed steel ordered by such person
from such producer during such quarter,
except that this provision shall not ap-
ply to the placement of orders for high
speed steel with warehouses.

(5) On and after June 30, 1945, no per-
son shall accept from a producer in any
calendar quarter, deliveries of Class B
high speed steel which will exceed in the
aggregate, by weight, 15% of the aggre-
gate of deliveries of all high speed steel
made to him by all producers during such
quarter, except that this provision shall
not apply to deliveries of high speed steel
by warehouses.

(6) Customers' orders for high speed
steel which are to be filled in whole or in
part by the use of material, including
tungsten ore, ferro tungsten, and tung-
sten-bearing scrap, furnished by the cus-
tomer shall be subject to all the restric-
tions and provisions of this order.

(e) *Excessive purchases of Class A
high speed steel*. No person shall pur-
chase or acquire Class A high speed steel
for the purpose of obtaining comple-
mentary quantities of Class B high speed
steel. Any Class A high speed steel being
purchased or acquired must be for pro-
ductive use within applicable War Pro-
duction Board inventory regulations.

(f) *Mill stock*. No producer may ship
any type of high speed steel not in in-
ventory prior to April 7, 1945, except in
accordance with the provisions of this
order.

(g) *Exceptions to restrictions on de-
liveries of high speed steel*. The provi-
sions of paragraphs (d) (2), (d) (4)
and (d) (5) with respect to maximum
permitted purchases and deliveries of
Class B high speed steel shall not apply
to:

(1) Deliveries of high speed steel to
any person whose total receipts of high
speed steel from all producers does not
exceed 100 lbs. per calendar quarter.

(2) Deliveries of high speed steel to
any person whose total receipts of high
speed steel from any producer in any
calendar quarter balance within 5%, by
weight, or 500 lbs., whichever is the lesser,
of the permissive ratio of Class B high
speed steel to total high speed steel.

(3) Deliveries of high speed drill rod
in sizes .250 and under may be made from
either Class A or Class B high speed steels
as desired.

§ 1407.309 *Establishment of classes of livestock and percentages of 1944 slaughter.* (a) There are hereby established and certified to the Defense Supplies Corporation the following percentages to be applied to the total slaughter of livestock of any species during the base periods of 1944, upon which slaughter payments may be made during the corresponding quota periods of 1945, to Class 2 and Class 3 slaughterers:

Class 2 slaughterers:	Percent
Cattle	75
Calves	75
Sheep and lambs	100

Class 3 slaughterers: All species	100

(b) These percentages are to be applied to the total slaughter of livestock of any species during the corresponding base periods or parts of base periods of 1944, as certified by the Office of Price

Administration. However, if no certification as to any slaughterer is made by the Office of Price Administration as to such slaughter of livestock for quota periods ending on or before July 15, 1945, these percentages may be applied to his total slaughter of livestock during the corresponding base period or parts of base periods of 1944, as shown by a claim for subsidy payment to Defense Supplies Corporation for the corresponding period of 1944, or as certified by the War Food Administration. For quota periods ending on or after July 16, 1945, these percentages are to be applied only to the total slaughter of livestock during the corresponding base periods of 1944 as certified by the Office of Price Administration.

(c) For quota periods for which the total slaughter has been certified by the Office of Price Administration, the total live weight of slaughter of any class or species by a Class 2 slaughterer during the base periods of 1944 shall be deemed to be the quota bases established for him pursuant to Control Order 1. For quota periods for which the total slaughter has been certified by the Office of Price Administration, the total slaughter of livestock of any class or species by a Class 3 slaughterer shall be deemed to be the live weight, as determined by the conversion table set forth in Supplement 1 to this order, of the amounts of meat of that class or species he sells or transfers during such quota periods under quotas established for him pursuant to Control Order 1.

This supplement shall become effective at 12:01 a. m., May 17, 1945.

MANUFACTURERS' PRICES FOR WOMEN'S, GIRLS', CHILDREN'S AND TODDLERS' OUTERWEAR GARMENTS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 287 is amended in the following respects:

1. The second undesignated paragraph of section 4 is amended by adding the following sentence to the end thereof: "However, if you manufacture garments in categories 27, 28, 29, 30, or 31 you must use both your Spring Pricing Chart and your Fall Pricing Chart to establish your maximum prices for those categories during the entire year."

2. Section 12 (a) is amended by adding the following paragraphs to the end thereof:

If, prior to May 18, 1945, the OPA issued an order under this regulation authorizing a manufacturer to establish maximum prices, and such order does not specify the classes of purchasers to whom he may sell garments at the authorized ceiling prices, he may sell garments at those prices to all classes of purchasers: *Provided*, He has customarily done so since the issuance of the order. However, if the order specified certain classes of purchasers to whom the manufacturer might sell garments at the authorized ceiling prices, or if the manufacturer sold garments at those prices only to certain classes of purchasers prior to May 18, 1945, he may not offer or sell garments to any other classes of purchasers unless the OPA has modified his order of authorization to provide a method of es-

¹ 8 F.R. 9122, 10001, 10304; 9 F.R. 974, 12590.

establishing his ceiling prices to those classes of purchasers.

To obtain such a modification of his order of authorization, a manufacturer must file with the office of the OPA which issued the original order, two signed copies of an application stating his name and address, the date of his original order of authorization, a description of the classes of purchasers for sales to whom he wishes to establish maximum prices, and the terms and differentials at which he wishes to sell to each of those classes of purchasers.

The method of establishing ceiling prices for such sales will be based upon

the customary practices of the applicant's closest competitors or practice in the industry generally.

NOTE: All reporting and record-keeping requirements of this regulation have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

This amendment shall become effective May 23, 1945.

Issued this 18th day of May 1945.

[Directive 46]

PART 4003—SUBSIDIES, SUPPORT PRICES 1945 VIRGIN ISLANDS RAW SUGAR PRODUCTION AND PURCHASE PROGRAM

The War Food Administrator having, by letter and enclosure dated May 4,

19 FR. 8304.

1945, submitted certain information and recommended a proposed program with respect to the production and purchase of 1945 crop Virgin Islands raw sugar needed to meet military, lend-lease, and civilian requirements, under which Commodity Credit Corporation will purchase such sugar at a price of \$3.46 per 100 pounds f. o. b. Virgin Islands and make a support payment of 55 cents per 100 pounds of such sugar, to be shared in by growers, processors, and labor.

I hereby find that the proposed program is necessary to effectuate the policy established by Executive Orders No. 9250 and No. 9328 and specifically to insure the maximum necessary production and distribution of 1945 crop Virgin Islands raw sugar to meet military, lend-lease, and civilian requirements.

Accordingly, the War Food Administration is hereby authorized and directed to carry out through the Commodity Credit Corporation the program as described in the War Food Administrator's letter and the memorandum enclosed therewith.

[Directive 47]

PART 4004—PRICE STABILIZATION, MAXIMUM PRICES

FRESH FRUITS AND VEGETABLES

Maximum prices for certain fresh fruits and vegetables are set on a basing point system with a shift in basing point provided to coincide with the normal seasonal shift in production areas. When growing conditions advance or retard the growing season, a corresponding change in the date of the basing point shift is necessary if supplies are to reach their normal markets. Such a change in the date of a basing point shift may involve a temporary local increase in the cost of living as well as a technical increase in ceiling prices in some areas. However, I find that whenever such change in the date of a basing point shift may be necessary to prevent diver-

sion of supplies from areas dependent on them it is necessary to aid in the effective prosecution of the war, and I direct the Price Administrator and the War Food Administrator to make such changes in those circumstances.

Effective date: May 17, 1945.

It appearing, that refrigerator cars are being delayed unduly while held for orders, bill of lading, payment of freight charges, reconsignment, diversion, reshipment, inspection, forwarding directions, loading and unloading, thus impeding and diminishing the use, control, supply, movement, distribution, exchange, interchange, and return of such cars; in the opinion of the Commission an emergency exists requiring immediate action to prevent a shortage of railroad equipment and congestion of traffic; it is ordered, that:

Demurrage charges on refrigerator cars. (a) After the expiration of the free time allowed by tariffs lawfully on file with this Commission, the demurrage charges on a refrigerator car held for orders, bill of lading, payment of freight charges, reconsignment, diversion, reshipment, inspection, forwarding directions, loading or unloading which is not loaded, unloaded, or released, within the free time shall be \$2.20 per car per day or a fraction thereof for the first two (2) days; \$5.50 per car per day or a fraction thereof for the third day; \$11 per car per day or a fraction thereof for the fourth day; \$22 per car per day or a fraction thereof for the fifth day; and \$44 per car per day or a fraction thereof for each succeeding day.

(b) *Application*—(1) *Average agreements.* Detention occurring on and after the effective date of this order on all refrigerator cars held for loading or unloading shall not be included in, or computed on the basis of, any average agreement but, except as otherwise provided in this order or in the orders set forth in paragraph (b) (3), said refrigerator cars shall otherwise be subject to the car demurrage rules and charges set forth in tariffs lawfully on file with this Commission.

(2) *Intrastate.* The provisions of this order shall apply to intrastate as well as interstate traffic.

(3) *Service orders.* The provisions of this order shall not be construed to affect the provisions of Service Order No. 70 (8 F.R. 8515) of February 3, 1942, as amended (8 F.R. 8515) or Service Order No. 70-A (8 F.R. 14624-25) of October 22, 1943, or Revised Service Order No. 112 (9 F.R. 11278-79) of September 11, 1944, or Service Order No. 135 (8 F.R. 9569) as amended (8 F.R. 10941). The number of days a refrigerator car has been held prior to the effective date of this order shall determine the charges applicable on that refrigerator car on the first full demurrage day and all subsequent demurrage days occurring after the effective date of this order.

(5) *Demurrage charges substituted for charges for storage of freight in refrigerator cars.* (i) The operation of all tariff rules, regulations, and charges for storage of freight in refrigerator cars at or short of ports consigned or reconsigned for export, coastwise or intercoastal movement is suspended insofar as inconsistent with this order.

(ii) In lieu of the charges for storage of freight in refrigerator cars at or short of ports suspended in subparagraph (5) (i) above, the applicable charges for detention of refrigerator cars held at or short of ports for unloading freight consigned or reconsigned for export, coastwise or intercoastal movement shall be the demurrage charges prescribed in paragraph (a) of this order.

(c) *Extreme weather.* (1) During the period when weather conditions exist as described in Rule 8, section A, Agent B. T. Jones' Tariff I. C. C. No. 3815, the provisions of this order are suspended. In lieu thereof the rules, regulations, and charges provided in lawfully published tariffs shall apply.

(2) When because of rising waters it is not practicable, or because of flood conditions it is impossible for railroads to set refrigerator cars for delivery at the usual places contemplated by lawfully published tariffs, the provisions of this order are suspended on such cars. In lieu thereof the rules, regulations, and charges provided in lawfully published tariffs shall apply.

(d) *Effective date.* This amendment shall become effective at 7:00 a. m., May 25, 1945.

(e) *Expiration date.* This order and all amendments shall expire at 7:00 a. m., December 1, 1945, unless otherwise

It is further ordered, that this order shall vacate and supersede Revised Service Order No. 180 and all amendments thereto on the effective date hereof; that a copy of this order and direction shall be served upon each State Commission and upon the Association of American Railroads, Car Service Division, as Agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. FABRICATED MEAT CUTS

DESIGNATION OF DAYTON, OHIO, AS DEFICIENCY AREA

Pursuant to § 1364.415 (c) (1) of Revised Maximum Price Regulation No. 169, I find that there exists in the city of Dayton in the State of Ohio, quotas permitting sales of fabricated meat cuts which are insufficient to supply the requirements of purveyors of meals located in that area. I find, furthermore, that this condition has occurred because of an increase in population in such areas due to the maintenance of projects connected directly with the war effort and under the direction and control of the United States Government. The City of Dayton in the State of Ohio, is hereby designated as a deficiency area and the Administrator at Washington, D. C., may, in writing, authorize named sellers to sell and deliver specified quantities of fabricated meat cuts to purveyors of meals located in that area for such period and subject to such terms and conditions as he may deem necessary.

This order may be revoked or amended at any time.

(6) *Summer differential.* In those instances in which it was customary for a dealer, prior to 1942, to charge a higher price in certain summer resort localities in Area III during the period June 1 to September 15 than the price he charged in that area during the balance of the year, the dealer may apply to the District Director for the State of Connecticut for authorization to add such differential to the otherwise applicable maximum price during said period of each year beginning with the year 1945. (v) The applicant's maximum prices for each kind of sale of each kind or grade of milk involved, in each container size.

Such an application may also be filed by a dealer whose deliveries to the summer resort localities in Area III were, prior to 1942, confined to the period between June 1 and September 15, but who charged for such deliveries during that period a differential above the price charged by him in the area or areas where his year around sales are made.

The District Director for the State of Connecticut is authorized to grant permission, by an order under this section (6), to charge a differential which shall not exceed one cent per quart above the otherwise applicable maximum price. In an appropriate case, the District Director may, in such an order, grant permission to any or all sub-dealers or other resellers who purchase from the dealer who has made application to increase their otherwise applicable maximum prices by the same amount, without requiring individual applications from such resellers.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of the Commission, on or before the 1st day of June, 1945, his request or application therefor, as provided by Rule XVII of the rules of practice of the Commission.
